We build strong and stable plans

Our group plans are unique and tailored to each individual school. Features include:

Purdue University Northwest has been **extremely happy with the service and care** the International Student Insurance Company staff have given to our students and staff as well. When a student has **needed help in understanding insurance** in the United States and also in getting a provider its payment, the International Student Insurance Customer Service Team has **been there to assist as much as needed**. We **love the resources** that are provided to our students every month in the newsletter! **Excellent company with excellent customer care!**

International Student Insurance **solved a multitude of health insurance problems** for our office and our international students. By enrolling our students in a group plan, I can **better advise students** on the coverage and do not worry that students are purchasing only minimum coverage on their own. The administrative **portal is easy to use** and my contact at International Student Insurance is **quick to reply and has been a pleasure to work with.**
