Please keep this summary as a brief description of the important features of the plan. It is not a contract of insurance. The terms and conditions of coverage are set forth in the Plan issued to you. For a detailed plan description, exclusions, and limitations please view [the plan description of coverage online](#). The Description of Coverage contains a complete description of all of the terms, conditions, and exclusions of the insurance plan as underwritten by HCC Insurance Holdings. The Policy will prevail in the event of any discrepancy between this Brochure and the Policy.

Note: This insurance is not subject to, and does not provide certain insurance benefits required by the United States' Patient Protection and Affordable Care Act ("PPACA"). PPACA requires certain US citizens or US residents to obtain PPACA compliant health insurance, or "minimum essential coverage." PPACA also requires certain employers to offer PPACA compliant insurance coverage to their employees. Tax penalties may be imposed on U.S. residents or citizens who do not maintain minimum essential coverage, and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA. You should consult your attorney or tax professional to determine whether this policy meets any obligations you may have under PPACA.

Seeking Treatment

Campus Health Care

School on-campus health services are available to most members. The campus health center offers limited services for no or low cost to students. For other services, students must pay up front and then submit a claim for reimbursement by the insurance. Please contact your campus health center for further details.

Non-Emergency Care

For immediate care in non-emergency situations, you **SHOULD** go to a Walk-in Clinic, Urgent Care center or local doctor. Urgent Care and Walk-in Clinics are often the best places to seek medical care as you can walk right in and they require no appointment.

You **SHOULD NOT** go to the Emergency Room (ER) for this type of care unless it is a real emergency situation!

Emergency Care

The Emergency Room (ER) is designed for medical emergencies. If you need emergency care for any reason, please get to the nearest Emergency Room (ER) or call the emergency services (911 in the USA) for immediate treatment.

Prescription Drugs

Prescriptions should be filled at any available pharmacy and paid upfront directly to the pharmacy. Please keep copies of all your receipts and the prescription label and submit those to the claims team, along with a completed claim form for processing.

Doctors/Hospitals

This plan includes a network of medical professionals, including physicians and hospitals, known as the Preferred Provider Organization (PPO). This PPO is available through the UnitedHealthcare Network.

If you need to see a doctor or visit a hospital, you should utilize a PPO provider. While you are allowed to visit any provider of your choosing, if you use a PPO physician or facility, you may pay less money out-of-pocket and claims will be submitted to the claims team for processing.

Telemedicine

Your plan includes access to Air Doctor, a telemedicine service that allows you to find doctors, schedule appointments, and consult with them via video. You can learn more [here](#)
